Just at the stroke of midnight joyous greetings were exchanged horns tooted and much merry making was the order after which feasting was resumed and the health and happiness of those present heartily toasted.

GRAND JURY MAKES REPORT

Recommends Road Engineer, Scores Purchasing Agent, Commends Coroner Phillips. Would Amend Some County Government Acts.

The Grand Jury of which G. H Hotz of this place was a member, has rendered its report. The inquisitorial body goes on record against the prevailing type of road building by the Supervisors and urges a County road Engineer and the following of the government recommendation and plans for a system of modern highway. The job of purchasing agent as carried on by the present incumbent was scored as being incompetently handled and narrow in its scope. The Supervisors were urged to abolish it or substitute an appointee who will do the work properly.

The Grand Jury went into the cause of death of Mrs. Brotherton, the old lady who was found dead in bed here after an alleged quarrel last New Years day, but found that her death was due to natural causes.

The attempt to make out a case of subornation of perjury in the Rowe-Fetters matter in which some local people were actively interested, failed to be taken any cognizance of although much of the time of the Grand Jury was taken up by Fetters enemies, seeking to have an indictment returned. The Grand Jury found that the evidence did not warrant such action, so no allusion to it is made in the report.

Change of methods to bring about economy is suggested in the County Surveyor's office.

County Clerk Felt's office was highly commended as was also that of Coroner Frank Phillips, of whose stewardship the report says: "The records of the Coroner were kept in a very satisfactory condition and his system of recording the burial of bodies and inquests is worthy of commendation."

The Auditor's office came in for some criticism, but it was of a constructive kind to insure better service and records.

The Grand Jury recommends to the Sonoma County members of the State Legislature that the Counuty Government acts be amended as follows.

1. The number of members of the Grand Jury be ten instead of nineteen and that they be appointed to serve for two years, provided, however, that the first Grand Jury appointed under this law shall be divided by lots, five members to serve one year only, the other five to serve the full term, and thereafter, five members be appointed annually to serve two years. Seven members shall constitute a quorum.

2. That the Auditor of Sonoma County be allowed another deputy.

3. That the Superintendent of Schools of Sonoma County be allowed an office assistant with a salary of One Thousand Dollars per annum.

4. That the law relative to fees for recording marriage licenses be amended so as to allow the County Clerk to transfer to the County Treasurer the amount received or held by him for recording marriage licenses, where there has been failure to have licenses recorded.

Mr. and Mrs. J. Hoffman entertained their children and grand children over the holidays.

Mr. and Mrs Wynette of Schellville are entertaining friends from Washington who are contemplating settling in the valley.

TOM WALSH, SONOMA BOY, WRITES OF "GETTING" HUNS

Tells of Terrific Fighting In Which He Has Many Miraculous Escapes. Hero of War is Nephew of Kearney Family of El Verano.

The following letter has been received from Tom Walsh who was one of the first to volunteer to go to war and went overseas a year ago last December. Young Walsh spent his boyhood here and is a nephew of the Kearney family of El Verano:

A. C. S., La Valbonne, Ain.
November 26, 1918.

Dear Uncle Bill, Aunt Emily and All:

There is an agitation on for Fathers letters, so I guess you will have to be the victim.

We are allowed to tell where we have been so here is a little slant at my travels: Dec. 9th, 1917, we sailed from Hoboken, N. J. on the President Lincoln, (which was sunk on her fifth return trip) the eats were good and I really enjoyed it. Landed at Brest, Dec. 27, 1917 and proceeded to Pontinazu Baracks where we were almost steady until May 13. We then started for the front and un-trained at Selles Sin Cher. After six weeks in reserve and a few raids, we moved to St. Aiguuan, where we saw and went through real fighting. On June 6, we went into the Chateau Thierry drive and believe me, it was some slaughter. On June 13, I had the extreme pleasure of bayoneting my first Hun. I can feel it yet, and how good it did feel when I drove that point home. The night of June 6, we hopped the bags and I saw my first pal killed, and that sure puts fight into you. I killed two other Boches, one with my pistol while on a patroling party and one with my rifle by sniping. I think I may have gotten a few more with bombs and in volley fire, but those three are my sure victims. Now for what happened to me. Well I had my horse shoe. My tin derby was badly dented with schrapnel and my haversack was shot off my back on July 4th. On July 20, I was slightly scraped by a machine gun bullet at Soissons and on July 21, I was sent to the hospital with the flu. While at the classification camp, I met my Captain who had been gassed, and he had me transfered over with him to the Mil. Sps. Co. and it was him who recommended me for a commission. Since the signing of the armstice, the chances of being commissioned are slim, but I am plugging right along. The reason I never let you know before that I was at the front was censorship, and again I figured it would only be additional worry. I have been through some awful experiences. I wouldn't sell my experience for a million but I wouldn't give a lead nickle to go through it again. Well folks, hoping I will soon be in the good old U. S. A. and wishing you, one and all a very Merry Christmas and a bright and Happy New Year,

I remain sincerely your loving nephew,

First Sgt. Tom E. Walsh

PIONEER MOTHER PASSES AWAY

Clara Davis Perkins Is Called To Eternal Rest at Advanced Age of Eighty Years.

Clara D. Perkins, wife of J. H. Perkins, and an old resident of Sonoma died after a few weeks illness on New Year's eve. at her home on Broadway. Old age is given as the cause of her demise.

Mrs. Perkins had been a remarkable woman for her years and was young in heart and spirit and found much in life to interest her despite the coming of old age's infirmities. It was with reluctance that she took to her bed and she then was not prone to believe that her illness was a fatal one. Gradually, however, her vitality waned and as New Years morning came, her spirit left its earthly tenement and the good wife and pioneer mother crossed the great divide.

Deceased came to Sonoma from San Francisco with her husband and family 35 years ago. She was of sturdy New England stock, a native of Portsmouth, New Hampshire. She is survived by her husband, Joseph A. Perkins who has passed the 86th milestone and will greatly miss the constant companion of his declining years. Three sons, R. E., Will and Harvey Perkins and one daughter, Mrs. G. W. Reed survive the good mother whose memory they will ever revere as will also all those who called her friend.

The funeral took place in San Francisco Thursday with cremation at Mt. Olivet. The ashes may later be interred in the family plot in Valley cemetery.

HENRY HYDES ENTERTAIN NEIGHBORS AT HOLIDAY PARTY

Mr. and Mrs. Henry Hyde who are again making their home in Sonoma Valley at the old Hyde homestead entertained a congenial party of friends and neighbors Christmas night at a novel holiday party. Many clever features had been arranged by the hostess and her young son, Master Herschel, and there was not a dull moment during the entire evening. A cafeteria supper was arranged and with its delectable eats was a source of much merry making and conducive to a through feeling "at home".

Among those who enjoyed the hospitality of the Hydes were Mr. and Mrs. Dierx, Mr. and Mrs. Giegrich, Mr. Callahan, Mr. and Mrs. George Cassidy, Miss H. Voight and Mr. Neis

The many friends of John Pluth will be glad to hear that he is recovering from his recent attack of the grippe which almost threatened pneumonia. His sister came down from Albion, Mendocino county to care for him and was pleased at his progress toward recovery and the many inquiries from his friends. He expects to be greeting his customers now as usual.

PETRAY NOT ASLEEP AT THE SWITCH

Sheriff J. K. Smith reminds all deputies who have been serving under him that they must turn in their badges, since their commissions will expire this week.

James Petray takes office with his new force of deputies, Monday the 6th. Joe Ryan will take the oath of office that day and the bright star of deputy sheriff will again decorate his manly chest.

Sheriff Petray is being widely congratulated on getting Ryan on his staff and for refusing to be bulldozed into keeping the present incumbent. It is said that the petition, names on which were secured by diverse misrepresentations, praying that incumbent be retained, was flashed on the sheriff elect by a delegation consisting of Mr. Crane and Duffy Lewis of Vallejo upon whose silvery oratory it was hoped to switch the appointment of Joe Ryan. The spell binders however found the switch locked and sheriff-elect Petray reiterated to them that the orders in regard to his appointments were all dispatched and the matter long since closed for discussion.

CARD OF THANKS

I wish to thank all those who aided in the recent success of the Red Cross membership drive, for it was through the fine spirit of cooperation that success was due. Although sickness and inclement weather interfered, the loyal workers unselfishly devoted all possible time to the great work and I am most grateful for their assistance.

E. C. CAMPBELL.
Chairman of the Red Cross drive.

FORMER PASTOR OF CONGREGATIONAL CHURCH DIES

Rev. H. H. Wyckoff, former pastor of the Sonoma Congregational Church but who left here in 1888 for Berkeley died in that city last Sunday. He had suffered a paralytic stroke two weeks previous.

Rev. Wykckoff endeared himself to his congregation while in Sonoma valley and remembrance of him has always been most pleasant to recall

He kept in touch with the church through the Building Society of which he was secretary of late years and has corresponded with many former associates from time to time.

Rev. Mr. Milliken attended the funeral in Berkeley last Thursday week as did also other former Sonoma residents.

The late divine was 66 years of age and leaves several children to cherish the memory of a most excellent parent.

Miss Aleta Franquelin returned to S. F. Sunday after a pleasant stay with her parents.

Mrs. Mary Carter has been entertaining her son and his wife from the bay city.

DIED AT HIS COUNTRY HOME HERE

Christian C. Bosse A Retired Planter Of Wealth Passed Away Sunday

Christian C. Bosse, who amassed a fortune in the Hawaiian islands and who located here after retiring from active business in 1905, died at his beautiful home above town last Sunday. Death followed influenza contracted in San Francisco, and a predisposition to bronchial trouble aggravated the dread malady until pneumonia developed. Dr. Gobar, Hennessey and a trained nurse from Napa did all that was possible for the stricken capitalist but he died despite heroic efforts to save his life.

Mr. Bosse was a man of important business connections, having been associated in Honolulu with H. Hackfelt inc. in vast plantation interests of the Islands. He went to Honolulu when a very young man and about 1878 associated himself with the men who ultimately made him very rich. In 1897 he came to San Francisco and for many years was prominent in that city in club and business life. When he decided to retire, he selected Sonoma Valley for his home and here purchased property in the foot-hills which was formerly the old Manuel home. This place he transformed into a beautiful country estate and the home embodied the exquisite taste of its owner, a real connoisseur. Here he dispensed lavish hospitality to many of his former S. F. associates and a few local friends.

He was a genial host and dispensed not only hospitality butalso much charity in a quiet unostentatious way. He never married, and outside of seconds cousins had no relatives in this country. An aged mother in Germany he had not heard of for many years.

Although stricken suddenly, Mr. Bosse seemed to divine from the beginning that he was not to live and it is said made all preparations for his passing.

The funeral took place New Year's day from Grays in San Francisco and the German Lutheran minister officiated at the obsequies. Cremation was at Mt. Olivet.

A number of old friends from Honolulu were at the funeral also many from San Frncisco and the Adler and Hopke families of this place.

Deceased was a member of the Bohemian Club and Merchants Exchange. He was 59 years of age. A valuable estate has been disposed of by will of which Geo. Mastick of Alameda is the executor.

Those Never Hatch Reform Settings

SAVING SIMOLEONS appeals to most tax payers, but to the job holder, about to be decapitated, the process of saving money to the state is a fearful thing. Governor Stephens, who had the extravagance of this state's conduct forced home at every turn during his late campaign, saw that in order to uphold his good reputation for honest intent, he must make a move to cut expenditures. He therefore appointed a commission to see what could be done along the line of saving California money in the administration of various departments of its affairs. The revelations, if fully known would probably be startling in the extreme and it is a foregone conclusion that when the full light of inquiry flooded many political snaps, that those responsible for them or sitting tight on the never hatch reform nest eggs, with which the state capital is infested, must have either winced perceptibly or yelped right out at the threatened expose of their various pretensions at honest endeavor. Some of the noise has already reached the ears of the public and it is said that around the ears of those thought to have power to turn the tide of curtailment, that the busy swarm of job holders are buzzing about madly and insistently in an attempt to perpetuate the numberless jobs now in existence.

It is to be hoped that when the survey is complete and the pruning is prescribed, that the backbone will be available to carry out the plan to run California cheaper, for now more than ever, when our people have aided so magnificently in the war, they have a right to consideration and protection from the horde of politicians, who with artistic camouflage have been operating as benefactors of all mankind, when as a matter of fact, they have been but building a cumbersome political machine and greasing the wheels for it at every turn at the dear peoples expense.

What It Costs Working Girls To Live

AN ESTEEMED CONTEMPORARY takes issue with the California Industrial Welfare Commission which sets the average weekly living cost of working girls in this state at $15.10. The estimate including stockings at three pair for a dollar, twenty-five cents a week for the movies and ten cents for the contribution box at church. The critic says most California working girls live at home, make their own clothes, and that $15.10 is altogether too high an average—except he adds; "It may be true of a stately blonde stenographer who imagines herself in society, and who wears 22-button shoes and has them shined by a foot artist every day, and maintains a perfect 36 form and has her hair dressed and her fingers manicured once a week. But even those dazzling creatures are shy about spending $14.70 a week on themselves year in and year out. They would rather kid some man into spending it on them."

We would remind our friend of the "Manufacturer" that it costs money to eat, even at home, that laundry also costs real money, or if working girls find time to get busy on the Irish piano, even soap suds is very expensive froth and the hard water collector never fails to come around with his bills. Making ones own clothes requires goods, and cloth that is all wool and a yard wide now days— holy smoke, it takes a $15.10 wage to purchase the makings! Others besides stately blond stenographers have to be shod and no amount of lucky horse shoes will put you in touch with a pair of kicks short of $6 so even if you are a modest brunette, willing to wear a pump or a tie, sans buttons and sans heels, it is a problem.

As for stockings, real warm ones cost as much as silk, and the kind you can shoot straws through are poor economy.

If the flustrated, busy working girl wants to keep the shine off her nose, it costs 3 times as much as formerly, for powder, has riz with munitions, probably due to the craze for camouflage.

Eggs for breakfast, pie for supper, meat for the cat and everything has gone up and we are surprised a living estimate does not total more than $15.10 per week.

Bring down the price of commodities and then we can have a reasonable minimum wage. Girls who work at a price which the employer can afford to pay, must maintain a perfectly normal state of existence. They cannot "step out", afford to be sick, get a sweet tooth, order false teeth, get a dog license, eat eggs, buy camphor or die. They must be favored by nature in every respect to survive in the struggle for existence as is. We do not maintain that a $15 a week minimum or maximum wage is the solution for this problem. We do know that adjustment is neccessary. Wages and cost of living need fixing.

SENATOR HIRAM JOHNSON, with an air of indignation, demands to know what conditions are in Russia and what the attitude of the administration is toward that country. Now Hiram, you do not want to know much, do you? Anyone that has the key to the Russian symposium will have no minor job when they open up the subject.

At the risk of making himself very ridiculous, Hiram butts in on the Russian riddle which on the face of it is still a complex conundrum for which no solution can yet be prophesied. No doubt a reformer like Johnson would have a good field for his talents in Russia, and we suggest that he go over there and wrestle with the Bolsheviki and then come back and express his contentment with some phases of American political life for which he has not yet prescribed the Commission cure or the investigator's scalpel. It seems to us that in seeking to discredit the administration via the Russian situation, Johnson is hard pressed for a good excuse.

Mrs. C. Pomeroy and daughter Virginia have been among those in Santa Rosa suffering from the "flu". Mrs. Mamie Fochetti Delph has been caring for them.

Mr. and Mrs. Geo. Leiser are recuperating from an attack of the prevalent epidemic. The garage was closed a number of days as Phil Leiser has also been on the sick list.

George Angove writes that he is still furnishing music for sick and convalescent soldiers in a big hospital "over there" where he is a member of the band since his convalescence.

The Prestwood family spent the Christmas vacation at Guerneville.

Miss Mattie McGimsey has been suffering from a painful attack of quinsy and had to have her throat lanced.

GLOVE FACTORY SHUTS DOWN

War Industry Which Started Last Year Here Lays Off Force and Messrs Morgan and Munk Leave Sonoma

The Sonoma branch of the California Glove Company which started here last spring and gave employment to many of our local people while filling government orders for army mitts has closed down. With the cancellation of government orders and a shortage of material to do other work, the need for the Sonoma factory ceased and although the lease of the Masonic building runs until April and the equiptment is there, it is not believed that the factory will resume active operation. The big main factory at Napa handles all the regular orders and Mr. and Mrs. Morgan and Fred Munk who superintended the plant here have returned to Napa to take up the work there. It is understood that several expert workers here have been offered positions at the Napa factory.

The Glove Factory was a welcome factor in Sonoma industrial life and was given hearty support by our people. All necessary help was supplied and at times about 75 hands were employed in the work of sewing and cutting gloves.

Jimmy Acquistapace entertained a number of friends at a fine turkey dinner New Year's to celebrate his recovery from the "flu" and his starting of music lessons under the direction of Prof. Ludders. Jimmy's friends friends say Paderweski won't be in it bye and bye.

ELDRIDGE

Milton Johnson, who has so capably filled the position of supervisor at the Sonoma State Home for the last five years, has resigned and left Eldridge New Year's day to resume the care of his ranch at Kenwood. George Wilbur was chosen as his successor. Mr. Wilbur has held the position of supervisor before and is well acquainted with the duties of his office and is sure to be successful in his work.

Mrs. Blanche Wright of Eldridge spent Tuesday with Miss Beth Weaver of El Verano.

Mr. and Mrs. George R. Wickham and their two sons are visiting their parents, Mr. and Mrs. R. Q. Wickham at Eldridge. Geo. Wickham is assemblyman-elect from the 62nd district, and is on his way to attend the Legislature which convenes on Jan. 6.

Miss Beth Weaver spent the week end with Miss Rose Pagani at Glen Ellen. During her visit, they entertained some of their friends at dinner

High School Dance

The student body of the High school gave an entertainment and dance at the Womans Clubhouse New Yeear's eve which was well attended by the students and their friends. It is the wish of the principal, Mr. Golton, to get the parents of the students interested in the social affairs of the school. They are always cordially invited to attend all dances and entertainments of the school. An interesting program was presented Tuesday evening, and it is the intention of the social manager to put on some "peppy" short plays at the monthly dances.

ASKS STATE TO REIMBURSE HIM FOR LOSS OF AUTO

C. Clementi, whose automobile was a complete wreck and loss after an accident last year at the Black Point bridge, when the bridge tender raised the bascule draw and precipitated auto and driver into the Petaluma creek, is seeking damages to the amount of the value of the car from the State of California. Mr. Clementi appeared before the State Board of Control in Sacramento this week and after hearing the details of the accident which cost Mr. Clementi his automobile and gave his guests a thrilling experience, the authorities were of the opinion that the owner of the car had a just claim but the law provides no way in which he can be reimbursed except through provision by the Legislature. Clementi will take the matter up with our Senator and Assemblyman.

The accident in which Mr. Clementi's auto figured was a most unusual one. It will be recalled that the car had already started across the Black Point bridge when Clementi's guests were returning from San Rafael to the valley one morning about 2 o'clock, when the bridge tender suddenly began to raise the draw in order to let a boat go through. The occupants of the car all jumped out except the driver and clung to the railing and the gate at tthe upper end of the bridge on which they were raised 180 feet in the air while driver and car plunged into the black waters of the creek. The driver swam to safety and the others of the party at last reached terra firma. The car was not recovered for several days and was then found to be a complete loss. The State bridge tender claims he did not see the motorists and thought the bridge was clear.

MRS. F. W. DOBBEL'S MOTHER LAID TO REST

Mrs. Dannemark, mother of Mrs. F. W. Dobbel passed away in San Mateo county this week at the advanced age of 80 years. Many of our residents were well acquainted with deceased who made her home with her daughter here up to three months ago. With the attainment of her eightieth birthday, the infirmities of old age became apparent and she has been in failing health and at a sanitarium for some time past. Everything devoted daughters could do to make her last days comfortable and free from pain were bestowed upon the beloved mother, but finis was written in her book of life with the passing of the old year, and she passed peacefully away. Mr. and Mrs. Dobbel were down to the funeral which took place Wednesday.

Arthur Knude who has been at Camp Lee, Virginia, writes that he expects to be mustered out about January the tenth. The son of the well known owner of "Wildwood" will be home just in time to help prune the fine vineyard at which he is an expert. The Knude vineyard is one of the best kept and highly productive in the state and Arthur was a great help in keeping it up to the standard. He was greatly missed after his departure for the army camp both at dances and along the highway where his fine Haynes car was greatly admired. His home coming will be a joyous one.

The spacious bungalow of Supervisor and Mrs. Harry Weise is nearing completion. It is on the site of the house destroyed by fire and will soon be ready for occupancy.

LONDON RANCH STAR HERE

E. H. Woodard, One of Boys of Service Flag Emblem Arrives From Overseas This Week.

E. H. Woodard of the Royal Flying Corps has arrived from overseas and has been greeting old friends at the London ranch. One of the ten stars on the big service flag of the ranch which has become familiar to those who know the motor car which has carried the emblem all during the war was emblematic of the service of Woodard in the great struggle for democracy.

The former resident of the valley of the moon had been in the war 15 months. He first tried to enlist in the United States army or Marines but was rejected for defective eyesight. Determined to serve in the great war, Woodard finally went to Canada where he was successful in joining the 72nd Seaforth Highlanders at Vancouver, B. C. While in London, England, with his unit, he was the victim of an air raid, an aerial torpedo injuring him severely about the limbs and shoulders. He was in the hospital for several months. After leaving there he went to France but was again returned to the hospital and was just recently invalided home. Mr. Woodard's family is a prominent one of the Southern states, but he is greatly esteemed by his foster mother, Mrs. Shepard, and everybody at the London ranch who are giving him a royal welcome since his arrival He expects to remain indefinitely and take up his former duties.

Fritz Helberg was last heard from at Verdun, France and promised to surprise the folks some time in the near future by his home coming.

Judge Leopold Justi has recovered from a severe cold and received a number of New Years callers in cordial fashion on Wednesday.

Irving Shepard sent Christmas greetings to his mother and his fiancee from the Canal Zone where his ship was during the holidays.

Dr. George Millerick who won a lieutenant's commission and was in the Veterinary service of Uncle Sam has been honorably discharged and will resume his practice in Haywards He was up on a visit to his folks at Schellville over the holiday.

KEEPING HOME FIRES BURNING UNTIL THE SOLDIER RETURNS

The Red Cross has for years been associated with hospitals, doctors, soldiers, sailors, battles, disasters; but it is only within the last few months that those who do not come under any of these classes have come to realize the importance of the assistance rendered by the Red Cross.

Soldiers and sailors must be encouraged to "carry on." Their morale must be upheld. The sailor or soldier who is worrying about the welfare of his family is not able to put his mind on the business before him. For this reason the Home Service Section of the American Red Cross has been organized, and to the folks at home it means neighborliness, counsel and aid—the nation's assurance to the enlisted man that his family shall suffer for no essential thing that is within its power to give.

In practically every large city of the United States there is already a class for training the workers of the Home Service section, so that they may be able to efficiently deal with the very real problems that are before them. It is not the policy of the section to force upon families the aid of the Red Cross nor to burden them with interference. No family should be approached unless some member of the family or some person capable of speaking for them has asked for the service. Because it is the desire of the Committee on Civilian Relief, under whose direction this work comes, to keep the service of the bureau strictly confidential, the wearing of any uniform by the Home Service workers has been discouraged. They call simply as friends and try to call immediately when requested.

In no instance is a visitor permitted to pry into the secrets of the family. Help is always ready and the call usually comes from the man in the service himself. Through the workers in the camp or at the front he learns that his family may be assisted, and if he does not hear regularly or encouragingly he is quite apt to talk over with the Red Cross man or woman the affairs of his home when he learns of the friendly interest, and thus send local workers to his family. The school teachers also are often the informants, for they know through the children of the needs at home and are glad to see the family's problems solved.

Living is more difficult for every one in war times, and the mothers are lonely and discouraged, and this brings hardship on the heads of the little children. Sometimes the wife and mother is worrying over financial problems, and here the Home Service bureau is always helpful, for it tactfully assists her in properly managing her affairs, in planning her income and, of course seeing that she is receiving sufficient allotment, and this regularly, and then if it becomes necessary the Red Cross is always ready to supplement the income. Where medical care or operations for the welfare of the children are necessary the Home Service is ready to assist, to secure proper care for the children needing it and to ease the mind of the mother.

Milk for Sick Babies.

Everywhere in the war zone there are sick babies and babies needing milk. The American Red Cross is establishing milk stations, and the babies of Italian soldiers are beginning to thrive already under the competent care of the nurses, some of whom were Infant Welfare nurses in our own country before going overseas. At

Children of the Crusade

By JEANNE JUDSON.

Frightened and pitiful, they walk apart,
Through the familiar village street, grown strange,
Hand clasped in hand, they hear weird echoes start
From ruined homes. Fear dumbs each small, child heart.

No tears rain down like dew to ease their woe;
Horror has dried the wells from which they sprang,
Like wee crusaders of the long ago,
Their phantom banners in the breezes blow.

If one should call out "Follow!" they would run,
Grime of the highway on their tiny feet,
Heedless alike of dust and blazing sun,
Forget, as dreams, the horrors that were done.

None calls; weary they rest within the shade,
The ruined church, where once they learned to pray,
Long years before the war had come, and laid
Their homes in ruins, made their hearts afraid.

Before the Holy Mother low they bow,
Perhaps she hears and soon will bring them aid,
It must be she whose voice is calling now,
For see the cross is shining on her brow!

The light around her head, a nimbus gleams,
A Red Cross worker, not from Heaven, they know,
Yet Mary heard and sent her here it seems,
To lead them home to shelter and to dreams.

J. E. Doney of the Amador "Record" of Sutter Creek who has been visiting his father, Samuel Doney of the Lehrke tract, favored this office with a pleasant fraternal call on Thursday.

A. Beretta—No more trouble brewing.

Joe Ryan—On the trail of the hobo once more. Watch the blue streak.

Chas La Torres—A good understanding of style can be recognized in shoes.

Dr. Hays—Some epidemics are deplorable, but it's nice to be affluent.

Jim Albertson—No interference by weights and measures in the dog pound.

Geo. Breitenbach—No chemical engine to feed.

Fred Batto—Money makes the mare go and Batto's spur does the rest.

Frank Sprague—Orations not so much in demand, but Airdales remain good.

Al Fingers—Lots of pressing business.

Chas. Dal Poggetto—Many men have a close shave. I should worry.

Ralph Hotz—Wet goods are having hard sledding, not so with dry goods.

Garry Bertoli—The capitalist is not the only fellow who can retire.

H.F. Bates—Soldiers coming home and will doll up in Bates haberdashery.

John Valente—The palm is just part of the winning hand I usually hold.

James McElney—A corner on drugs.

Robert Poppe—Canary cottage clung close but is now fading.

Busby & Coates—Hunks of tin coming in.

Chelini & Dutil—Handling lots of dough.

Jess Burris—Live stock may be all right, but capital stock for mine.

Dr. Gobar— Good season for the stork and young Americans.

Phil Varner who ran for Tax Collector and was also a deputy under Sheriff Smith, has gone into the restaurant business in Petaluma.

OH BOY! SONOMA HAS A SOLDIER GIRL

We all know about our soldier boys
That they are the best ever
All the best looking fellows in the
Army and Navy were Sonoma boys
of course.
But did you know about our soldier
girl?
Yes, some soldier girl
Oh boy! an amazon at that
What wouldn't Uncle Sam have
Given for a few of 'em like her
Talk about attention!
She sure attracted it
When she appeared in town last week
Where did she get the uniform?
Well that would be telling.
Secretary of War Baker
Didn't give her a permit to wear it
But there are other bakers
And say, oh boy! the Russian battallion of women
Wasn't in it for specimens like Sonoma's soldier girl.
It was a dare that she put on the
Uniform and come to town
And from that it grew into a bet of
Twenty dollars that she wouldn't
have the nerve
And what did the dough girl do?
She won the dough, of course
Enjoyed the experience? Sure
Only she said it was too tame
No bombs, no submarines to dodge,
No Chateau Thierry, no Argonne
Forest
The only realistic occurence was
Going over the top—of a fence
Which the girl in khaki says
Is lots easier to negotiate than in
skirts
This is a true story, mates
But who is our soldier girl?
Leave it to you dear reader
To find out

Misses Valerie and Marie Helberg and Miss Edna Holibar of San Francisco were holiday visitors at the F. Helberg ranch.

Harry Burmester has returned to his studies at the High School and his surgeon believes the last cast will make his limb perfectly normal again.

Sonoma has experienced the coldest weather in years. The thermometer took a drop to 22 degrees on New Year's morning.

Miss Marion Eley of San Jose has been a holiday visitor at the London ranch.

CONGRESSMAN LEA INTERESTS HIMSELF IN SOLDIERS

Congressman C. F. Lea is taking an active interest in securing the release of soldiers who are wanted at home because of urgent neccessity.

The army regulations regarding discharges are briefly as follows:

"Enlisted men may be discharged upon their own application when there is sickness or other distress in the soldier's family, or when he is needed to resume employment in an industry or occupation in which there is an urgent need of his services, provided that such discharge will not disrupt or cripple an existing organization, and that the soldier's services can be spared. Application for discharge will be made by the soldier through his immediate commanding officer.

"These regulations apply to all soldiers who enlisted or who were inducted since April 1, 1917. Men who enlisted in the army prior to that date must serve out their enlistment."

J. W. Bish of Chico, a nephew of L. M. Bish of Madrone was a visitor at the hospitable home of his uncle over New Year's. The gentleman is in the paint and oil business in the thriving Butte city.

A letter from Frank Engler says that he has left the hospital in France and started for a point of disembarkation.

RURAL MAIL PATRONS GET NO SERVICE

Jim Modini is being mentioned as the new rural mail carrier. Archie Revie is also spoken of as a possibility to fill the route's need.

Patrons are loudly denouncing the system which precludes any but civil service men from holding the job permanently, for with the neccessity of expensive equipment to carry on the work, no temporary man can be induced to take it.

Postmaster Wagnon says he cannot guarantee any local man the position for any length of time as civil service takes precedence and there are many listed employees who come in for a try at the job first whether they succeed in holding it or not.

People on the rural routes are tired of the system, for fully seven times last year there were periods of disruptment. They are demanding that they get better service and it is said that a petition is being circulated with that end in view.

Two babies for the New Year were born last Saturday night. Mr. and Mrs. Vaughan were presented with a girl and the Coragliottis of Schellville with a boy. In the latter case Doc Hays had a race with the Stork and the noble bird beat him to it.

Henry F. Bates has been on the sick list this week.

VINEBURG

January first 1919 was a pleasant day. Some people say it was somewhat "cold" but people will talk you know.

Miss Mamie Mitchell one of Sonoma's popular telephone girls was the guest of Mr. and Mrs. Louis Martin on New Year's day.

We have received news from one of Sonoma's well known Native Sons Otto Gericke Jr., of Alta Vista who is now in Camp Taliferera enjoying good health and sends best wishes to all his friends.

Quite a number of the Vineburg Society Set attended the High School dance in Sonoma on New Year's eve.

On Sunday last three members of the Vineburg gun club, Messrs Hernery Forni, Frank Rhode and B. Schrempp donned their hunting suits and started for a quiet hunt in the tules and secured a number of Black Mallards which is the 1919 name for Mud hens.

Mr. and Mrs. August and family of San Francisco were the Sunday guests of Mr. and Mrs. John Batto.

Georges Arnoux and Fernand Siouville two members of the famous 600 now enroute for Siberia accompanied by Sergeant Victor Bourdet and Victor Bronnraes from Rockwell Field San Diego were the guests of Louis Martin several days last week. Messrs Arnoux and Siouville have been in active service ever since the war began and both wear the "Scars" and decorations received on the battlefield. All the gentlemen speak highly of peaceful Vineburg and its people.

Bert Gale who has been in the Letterman hospital since returning from England, spent the holidays with his parents at Pasadena.

Victor Clements is on the sick list.

New Pruning Methods Bring Deciduous Fruit Trees Into Bearing From One To Three Years Earlier Than Usual Explained At University Farm

Fruit growers throughout the State are discussing today with interest new pruning methods perfected by Professor W. P. Tufts at the University Farm at Davis, which bring young deciduous fruit trees into bearing from one to three years earlier than usual. Pruning methods now taught by Professor Tufts are the result of four years of experimentation on hundreds of trees in the University Farm orchards. He has proved that the lighter young trees are pruned, the heavier and stockier they are at three of four years of age, at which time even prune trees are large and strong enough to be brought into bearing. Horticultural commissioners from the counties from Mendocino to Riverside, a part of 60 men and women, mainly from Sutter and Butte counties, and growers representing 1300 acres of orchards near Colusa, are among those who have taken instruction at Davis.

Miss Louise Cailleaud spent New Year's eve in San Francisco.

Mrs. O. C. Benjamin and Miss Adele Chauvet of Eldridge were guests at the Froment home Tuesday evening.

Mr. and Mrs. Tony Cereghino and Mr. and Mrs. Victor Leveroni and their families motored to Napa and St. Helena New Years day.
